

1. How many pots with this shape can you count in Room 2? (Write the number)

2. Have all these pots got the same size?

3. Why do you think the pot has two mouths, one fault and one real? (Choose the correct answer)

- For decoration reasons
- Because it contains liquid
- Because it is easier to pour its content

4. Draw the decoration shape which you see at the top of the pot (at the fault mouth).

5. Write the pots' name:
